General Logistics Note
Asia-Pacific Digital Health Interoperability Bootcamp
Sydney, Australia | 18–23 October 2026

Bootcamp Venue (19-20 October 2026)

Amazon Web Services (AWS) Sydney Office
Level 5, 2 Park Street, Sydney NSW 2000

Please proceed to Level 5 reception on arrival.

All participants are requested to bring a valid identification document for issuance of a building access pass. CSIRO, SPC and AWS staff will be available at reception to assist participants.

Stakeholder-Technical Meetings

If you have received invitations to the side events including Sunday closed sessions. Relevant teams will directly reach out to you with venue details. Please note the venue for these side-events might be different from the bootcamp venue.

Accommodation

There are many hotels within walking distance of both the AWS Sydney Office and the SNOMED CT Expo venue at InterContinental Sydney.

We recommend booking your accommodation as early as possible to avoid price hikes.

Getting to Sydney CBD from Sydney Airport

Taxi / Uber – Recommended

The easiest option, particularly if travelling with luggage. Travel time is approximately 20–30 minutes, depending on traffic. A taxi to the Sydney CBD generally costs around AUD 45–55.

Designated Taxi ranks and rideshare pick-up areas are available at both international and domestic terminals.

Train

Take the Airport Link (T8 Airport & South Line) from the International or Domestic Airport station to Wynyard Station. Paradox Sydney is approximately a 5–10-minute walk from Wynyard.

You can pay for public transport by tapping on and off with a contactless credit/debit card or an Opal card.

Meals

Lunch will be provided during the Bootcamp and SNOMED CT Expo sessions.

Dietary or Accessibility Requirements

For dietary requirements, accessibility needs or other special assistance relating to the Bootcamp, please contact Tara.Edgar@csiro.au

Support While in Sydney

For general assistance during the Bootcamp please contact: Tara Edgar Tara.Edgar@csiro.au or John Lemuel Dalisay jldalisay95@gmail.com

The CSIRO team will also be available throughout the week to support participants as required.
